Dear President, Dear Pino,

Please accept my congratulations and profound admiration for the wonderful success of the Eighth National CNAPPC Congress, held last week in Rome. In many years of attending national conferences, I have never seen such enthusiasm.

It was an exceptional programme, and it achieved extraordinary results. It should be a source of great satisfaction for you to know that your report received a standing ovation, and many favourable notes and references during the week. For me, it was a pleasure and an honour to participate. I will be reporting in detail to the UIA Bureau at its meeting next week in Kenya.

Once again, thank you for your gracious hospitality. I wish to express particular thanks to Giusy Ranca and members the CNAPPC staff for their kind assistance.

Please, Pino, when it is possible, send me a copy of the "*Manifesto*" we signed, both in English and in Italian. With warmest regards, very best wishes for the summer ahead, and the hope we will meet again soon,

Thomas Vonier FAIA RIBA
President
